English

Congratulations on your purchase, and welcome to Philips! To fully benefit from the support that Philips offers, register your product at www.philips.com/welcome.

1 Important

Read this user manual carefully before you use the appliance and keep it for future reference.

- WARNING:** Do not use this appliance near water.

- When the appliance is used in a bathroom, unplug it after use since the proximity of water presents a risk, even when the appliance is switched off.

- WARNING:** Do not use this appliance near bathtubs, showers, basins or other vessels containing water.

- Always unplug the appliance after use.

- If the appliance overheats, it switches off automatically. Unplug the appliance and let it cool down for a few minutes. Before you switch the appliance on again, check the grilles to make sure they are not blocked by fluff, hair, etc. If the mains cord is damaged, you must have it replaced by Philips, a service centre authorised by Philips or similarly qualified persons in order to avoid a hazard.

- This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance. Cleaning and user maintenance shall not be made by children without supervision.
- For additional protection, we advise you to install a residual current device (RCD) in the electrical circuit that supplies the bathroom. This RCD must have a rated residual operating current not higher than 30mA. Ask your installer for advice.

- Do not insert metal objects into the air grilles to avoid electric shock.

- Never block the air grilles.
- Before you connect the appliance, ensure that the voltage indicated on the appliance corresponds to the local power voltage.

- Do not use the appliance for any other purpose than described in this manual.

- Do not use the appliance on artificial hair.

- When the appliance is connected to the power, never leave it unattended.

- Never use any accessories or parts from other manufacturers or that Philips does not specifically recommend. If you use such accessories or parts, your guarantee becomes invalid.

- Do not wet the mains cord round the appliance.

- Wait until the appliance has cooled down before you store it.

Electromagnetic fields (EMF)

This Philips appliance complies with all applicable standards and national regulations regarding exposure to electromagnetic fields.

Environment

Your product is designed and manufactured with high quality materials and components, which can be recycled and reused. When this crossed-out wheeled bin symbol is attached to a product, it means the product is covered by the European Directive 2012/19/EU. Please inform your local or local separate collection facility for electrical and electronic products. Do not dispose of your product in the ground and do not dispose of your old product with your normal household waste. The correct disposal of your old product will prevent potential negative consequences for the environment and human health.

2 Before styling your hair

Note: Always let the appliance and attachments cool down before you connect or disconnect the attachments.
For a dry wet hair and a clean towel first as the appliance is most effective on towel-dry hair.
